

3 DECADES
nearing
of Excellence

PETE - Hammond
Transformative Synergy

**PAD MOUNTED
TRANSFORMER**

AN ISO 9001: 2008 COMPANY

Standard Features

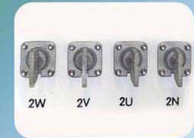

- HV Bushings** : Bushing wells
Plug in Bushings
Feed thru inserts
Single inserts
- LV Bushings** : Epoxy Bushings
- Load Break Switches** : On / Off - 2 Position
3 Position
4 Position
- Over Current Protection** : Bayonet fusing
Bayonet expulsion fuse
Cartridge fuse
- Over Voltage Protection** : Surge arresters
Elbow arresters
- Gauges** : Liquid level gauge
Pressure vacuum gauge
Thermo meter
- Insulation fluid** : IEC - 60296 (or)
FR-3 (or) Midel

PRODUCTION FACILITIES

HV Bushing with inserts

Low Voltage Bushings

Liquid Level Gauge & Thermometer

Pressure Vacuum Gauge

Bayonet Fuse

Load Break Switch

TECHNICAL DATA	
Rating	75 kVA - 2500 kVA
HV Voltage	upto 34.5 kV
LV Voltage	upto 16.39 kV
	480V / 277V, 208V / 120V
Frequency	50Hz / 60Hz
Connector	HV : Star or Delta
	LV : Star or Delta
Insulation	Class 'A'
Applicable Standards	ANSI - C57.12.26, IEEE
Switch Type	OFTC
Application	Wind / Solar / Distribution

Advantages

- Fully protected & public safety
- Suitable to underground cabling
- Environment friendly
- Reduces Installation time
- Cost effective
